SUMMARY

Full Stack Developer and Computer Engineer with 4+ years of experience building accessible, bilingual (Arabic/English) web applications with PHP, JavaScript, React and SQL. Built the Academic Poster Editor at Arab International University and contributed to Banipal, an AI-powered accessible e-library. University lecturer who has taught 600+ students. M.Sc. candidate in Computer Engineering and Networks; Al-Khwarizmi Fellow (2026).

TECHNICAL SKILLS

Languages: JavaScript, PHP, Python, SQL, HTML5, CSS3
Front-End: React, Responsive Design, Web Accessibility (WCAG), Arabic RTL Interfaces
Back-End and Databases: PHP, RESTful APIs, MySQL, Database Design
Tools: Git, Linux, OpenCV, jsPDF, pandas, Excel
Concepts: OOP, Agile, AI Integration, Computer Vision, Network Protocols

PROFESSIONAL EXPERIENCE

Software Developer | Arab International University (AIU), Syria | 04/2026 - 08/2026
- Built the Academic Poster Editor, a bilingual (Arabic/English) web application with PPTX and PDF export, using PHP, JavaScript, HTML, CSS and SQL.
- Designed responsive interfaces and optimized application performance and database queries.
- Collaborated with cross-functional teams to gather requirements and deliver within Agile sprints, alongside a teaching schedule of three days per week.

University Lecturer | Arab International University (AIU), Syria | 2024 - 2026
- Taught Computer Skills to 600+ students across five semesters.
- Produced 19 practical educational videos with step-by-step demonstrations; course pass rate rose from 78% to 91% over the same period.
- Developed semester plans and practical, skills-based examinations.

University Lecturer | Damascus University, Computer Engineering and Automation | 2023 - 2025
- Instructed five laboratory courses: Linux, Artificial Intelligence (Python and Prolog), Network Programming, Computer Vision (OpenCV) and SQL Database Design; produced lab documentation and assessment materials.

Front-End Developer | Freelance, Remote | 2020 - 2023
- Delivered 12 front-end projects for restaurant, hotel and office clients using HTML5, CSS3, JavaScript and React.
- Improved Lighthouse performance by approximately 40% through lazy loading, image optimization and code splitting.
- Built responsive layouts with Flexbox, Grid and media queries; maintained modular React components.

Technical Writer and Proofreader | Freelance, Remote | 2018 - 2023
- Authored and proofread 200+ technical and cultural articles; translated technical content into accessible Arabic and English.

PROJECTS (PERSONAL PROJECTS BUILT ALONGSIDE TEACHING)

Banipal Accessible E-Library | Graduation project, Damascus University | 2022 - 2023
- Digital library of 1,000+ books. Contributed to requirements analysis, UX design, the PHP/MySQL backend, and integration of head-and-eye control, voice assistance and AI summarization.

Credit Distribution and Invoicing System | PHP, MySQL, JavaScript | 04/2026 - 07/2026
- Web platform for team expense tracking and balances with role-based access control and automated PDF invoice generation.

CV Master | JavaScript, CSS | 01/2026 - 04/2026
- Browser-based CV builder with 20+ templates, real-time preview, PDF export and dark/light mode; bundle size under 200 KB.

Plan Your Day | HTML, CSS, JavaScript | 06/2026 - 08/2026
- Arabic RTL planner with 20 customizable templates, drag-and-drop tasks, progress tracking and PDF export.

EDUCATION

M.Sc. in Computer Engineering and Networks, Damascus University | 2023 - Present
B.Sc. in Computer Engineering and Automation, Damascus University | 2018 - 2023

CERTIFICATES, FELLOWSHIP AND LANGUAGES

Certificates: Supervised Machine Learning: Regression and Classification (DeepLearning.AI); Mathematics for Machine Learning: Linear Algebra (Imperial College London). Full list on portfolio.
Fellowship: Al-Khwarizmi Fellowship, Fellow, 07/2026. AI/ML training tracks, expert panels with AI/ML practitioners, and an intensive 8-day in-person bootcamp.
Languages: Arabic (Native), English (Fluent)
